CONSTRUCTION ACTIVITY NOTICE (Project Progress)

July 5, 2017

RE: 2017 Street Resurfacing Project (Accelerated Road Resurfacing Program)

Activity Type: Updated Schedule Notification

Dear Resident,

ALamp Construction has started the **2017 Accelerated Street Resurfacing Project**. The contractor has divided the project into **EIGHT ZONES (1-8)**. Construction activities will proceed in zone order. A map showing the streets and limits of each zone is displayed on the Village website at www.villageofhinsdale.org/acceleratedroadprogram. The contractor's schedule will be posted on the Village website along with progress updates.

ZONE START DATES

Zone 1 – June 16	Zone 5 – July 27
Zone 2 – June 20	Zone 6 – August 8
Zone 3 – July 11	Zone 7 – August 11
Zone 4 – July 20	Zone 8 – August 24

The start dates listed above are scheduled dates provided by the contractor that coincide with the concrete curb and gutter removal. Prior to that occurring, the contractor will be sawcutting these areas in preparation for the work. Sawcutting is a construction method used to cut concrete and asphalt prior to its removal. Once the curb and gutter have been removed and replaced, the contractor will begin the roadway resurfacing work. The project is scheduled for completion by **mid-November 2017**.

Please view www.villageofhinsdale.org/acceleratedroadprogram to see a map of the construction zones in your neighborhood. Thank you for your ongoing patience and cooperation. For more information, please contact Al Diaz, Assistant Village Engineer, at adiaz@villageofhinsdale.org / (630) 789-7029. You may also email the Village at hinsdaleoutreach@villageofhinsdale.org.

More about the Village of Hinsdale's Accelerated Road Program

The Village of Hinsdale began implementing the Master Infrastructure Plan (MIP) in 2009. Since its inception, 25 of the Village's 66 miles of road have been improved. Combined, the proposed Accelerated Roadway and Infrastructure Plan include an additional 25.6 miles of road that will be improved by 2020.
