Youth Drawing Classes

Young Rembrandts Summer Workshops are a great way to stimulate your child’s creative spirit and strengthen educational skills that will benefit them all year long. (And beat the heat). Each summer we offer a choice of workshops combining **Drawing & Cartooning techniques OR a focus featuring Pastel Artwork skills.** We explore the basic elements of all visual arts, in a fun and nurturing setting that ensures success for every child. Students will complete different drawings each day and learn to draw whimsical characters, everyday objects and other observations. Animals and Action scenes, line drawings and cartoon elements bring the lessons to life. Students gain so much confidence in art method and technique, it will awaken the inner artist! Young Rembrandts workshops are an exciting educational experience perfect for your imaginative child! Add some creativity to your Summer schedule. Don’t miss out, sign up today!

Beginner Drums/Bass Camp

You know we're all about that bass (& drums) here at School of Rock and this camp is no exception! This 5 day camp will immerse students in the rhythm section of the rock band while teaching them how to play alongside their peers. Our drums portion will focus on drum terminology, kit set-up, proper posture, different grip techniques, and rhythmic subdivisions (counting). Students will then apply this to learn some iconic drum grooves. During our bass portion, students will learn about tuning, fretting, walking, and basic scale theory. Students will then break off into groups to learn how the drums and bass work together to form the backbone of modern music.

NEW! Code - Build - Play - An awesome camp for young innovators!

KOJO, Inc. is a coding space for kids! A place where kids can learn to code while unleashing their creativity and developing solid problem solving skills. We believe that coding empowers children to change the world and equips them to be creators of technology rather than mere consumers. This KOJO class uses iPads and Robots to facilitate learning.

Code: Students will learn basics of coding, create interactive stories and awesome games using Scratch, while unleashing creativity and innovation.

Build: This session integrates coding with Engineering (Lego) and Robotics (Dash & Dot) for an amazing hands-on learning experience.

Play: Summer is all about having fun. Students will engage in fun activities like team games, crafts and more.

The week long camp culminates in a project where students build their own game and share with friends and family. There is a 6:1 student-teacher ratio. No prior coding or robotics experience is required.

Learn to code and change the world!
