

Solutions Exploration Group (SEG) 1 - Beautify Hinsdale

Platform Statement

Hinsdale 2025 will help integrate the land use, zoning, community character, transportation, parking, housing, environmental issues, economic development, public infrastructure and public service policies of the community. The Solution Exploration Groups will evaluate a range of remedies to complex municipal issues and anticipate new problems, challenges and interdependencies. A well-researched and principled strategic direction respecting the goals, values and community character of the Village will then be adopted for implementation.

The goal of the Beautify Hinsdale SEG is to ensure that the physical appearance of the Village is consistent with desired community character. Enhancements, prioritization and consistency of design elements and landscape treatments through the various public areas of the Village will be addressed by the SEG.

- Park beautification
- Thoroughfare streetscapes, community entrance and gateway enhancements
- Tree policy and maintenance
- Public facility grounds and other open spaces
- Appearance of non-business district signage
- Appearance of utilities
