Beginning Golf Camp

One of our most popular programs, Skyhawks Golf focuses on building the confidence of young athletes through proper technique and refining the essential skills of the game. As we know, golf is a challenging and lifelong sport, so young athletes need proper focus on the fundamentals of form, swinging, putting and body positioning. To assist in this training, Skyhawks utilizes the ShortGolf® system which uses modified equipment and a curriculum developed by PGA professionals. ShortGolf is specifically designed for the entry-level player and simplifies instruction so that young players can make an easy & effective transition onto the golf course. No need to bring your own clubs, all equipment is provided. For safety reasons we keep the instructor to camper ratio for this program very low, resulting in limited availability. As a result, these programs fill up quickly.
