**WILLOWBROOK URGES STATEWIDE SUPPORT FOR NEW LEGISLATION AMENDING  
THE ENVIRONMENTAL PROTECTION ACT**

“Despite the Court’s action today of issuing the Consent Decree, our fight to ban ethylene oxide in our community is not over.

This afternoon, State Rep. Jim Durkin filed new legislation to amend the Environmental Protection Act and give home rule units of government like the Village of Willowbrook the ability to ban ethylene oxide from being used within our boundaries.

We are relying on our state legislature to do what is right to protect not only the Village of Willowbrook residents and our surrounding communities but for the entire state. That means 217 home rule units of government in Illinois can benefit from HB 3885, and prevent ethylene oxide from entering these communities.

I want to thank Rep. Durkin, HB 3885 chief co-sponsor Rep. Deanne Mazzochi, and Sen. John Curran for their endless support in our fight to ban ethylene oxide.

Willowbrook and our surrounding neighbors will work tirelessly to ensure passage of this legislation.”

Mayor Frank Trilla
