VILLAGE PRESIDENT’S REPORT

President Cauley talked about the serious budgeting issue in Springfield wherein the State will decide whether they will pull back $300,000,000 currently disbursed to municipalities. This will result in a $400,000 loss of revenue for the Village of Hinsdale. Hinsdale has tried to use the State monies wisely, it is unconscionable for the State of Illinois to meet their budget gap by taking money away from municipalities. He urged people to call their State legislators and tell them to vote no.

Following up on the Veeck Park dirt disposal issue, President Cauley reported that Trustee LaPlaca has been working with the engineer and the contractor on the project to achieve the goal of putting the park in the condition it was in before building the storm water facility. Costs for the project will be carried by the Village, John Burns, Inc. and Clark-Dietz. Trustee LaPlaca commented that the final numbers should be available this week or early next to develop a final agreement.

President Cauley read the Consent Agenda as follows:

President Cauley clarified that the term of the appointed Village Clerk is a four-year term, consecutive with that of the Village President so that person can appoint the clerk of their choice. Trustee LaPlaca, referencing Item B, noted that Committee suggested that the Board consider for future vacatings, that those monies be put in a separate fund for possible future acquisitions. **Approve a Request from the Hinsdale Chamber of Commerce related to their 2011 Schedule of Events**

Trustee LaPlaca stated that she is concerned about changing the date of the Christmas Walk; the Chamber has determined to move it from the Friday after Thanksgiving to the following week in part because District 181 has the week off and as a reaction to the economy. Trustee Schultz also expressed concern about the date change, but understands the Chamber will discuss it again, he noted that resident feedback to him has been to keep it the old way. Trustee LaPlaca commented that the Chamber wants a revenue producing event, but that this is a community event as well. Director of Economic Development Tim Scott confirmed that the Chamber Executive Board will look at the date again. President Cauley pointed out that if those businesses have a good reason for this change we should hear it. Discussion followed on how best to confirm this item. Trustee LaPlaca moved to approve a Request from the Hinsdale Chamber of Commerce related to their 2011 Schedule of Events, with the exception of the Christmas date. Trustee Schultz seconded the motion.

ZONING AND PUBLIC SAFETY

Referral to Plan Commission for Review and Consideration of a Text
Amendment to Article III (Single-Family Residential Districts), Section 3-110
(Bulk, Space and Yard Requirements) of the Hinsdale Zoning Code, as it
Relates to Eliminating the Maximum Floor Area Ratio for New Single-Family
Residences that Receive Design Review Approval from the Design Review
Commission

President Cauley introduced the item explaining that the previous Village Board
explored the idea of a commission that would approve architectural details and assist
residents with construction guidelines. Hinsdale is a non-home rule community and
therefore cannot enforce these guidelines, but the Village can provide an incentive to comply. The ‘carrot’ is Floor Area Ratio; houses maxed out on FAR are often not architecturally appealing, however, FAR relief could result in a more appealing house. It is unknown if residents will participate in the process. The item before the Board is a recommendation to refer the matter to the Plan Commission. Trustee Geoga suggested the Board refer with the recommendation of a trial period to be determined by the Plan Commission, to see how the process works. Trustee Schultz is concerned that quarterly meetings may not be timely if somebody is trying to build a home. Trustee Angelo agreed, the Plan Commission should know the Board has reservations. Trustee Schultz asked if there would be a fee schedule for applicants. President Cauley noted that a referral is not an endorsement. Trustee LaPlaca reminded the Board this item asks the Plan Commission to allow FAR to be waived, not the merits of process but an approval of FAR as an incentive. President Cauley feels these are related. Discussion followed regarding the approval process. Trustee Schultz moved not to Refer to Plan Commission for Review and Consideration of a Text Amendment to Article III (Single-Family Residential Districts), Section 3-110 (Bulk, Space and Yard Requirements) of the Hinsdale Zoning Code, as it Relates to Eliminating the Maximum Floor Area Ratio for New Single-Family Residences that Receive Design Review Approval from the Design Review Commission. There was no second to the motion on the floor. Trustee Angelo moved to Refer to Plan Commission for Review and Consideration of a Text Amendment to Article III (Single-Family Residential Districts), Section 3-110 (Bulk, Space and Yard Requirements) of the Hinsdale Zoning Code, as it Relates to Eliminating the Maximum Floor Area Ratio for New Single-Family Residences that Receive Design Review Approval from the Design Review Commission. Trustee Saigh seconded the motion and noted that some communities have made this work and hopes the Plan Commission will contact them. Trustee LaPlaca commented that the Plan Commission should not revisit the standards and provisions in the document. Discussion followed on the Plan Commission’s role in this process. Trustee Geoga noted that existing rules remain during a trial period and he sees this as a low risk matter. Trustee LaPlaca further noted that FAR is innocuous from the street, all other zoning regulations still apply.

Approve a Permit for Temporary Use at 120 S. Washington Street for the Period of 6/1/11 thru 12/31/11 Subject to any Conditions Set Forth by the Building Commissioner

President Cauley stated this item relates to the temporary use of the former Schoens property to be used as a sales office for units at the Hamptons. It is his understanding that the code prohibits real estate agencies on the first floor in the central business district, however, the thinking of staff is this is a temporary use and as such would not require applicant to go thru the process. Mr. Cook explained that the conservative approach is to require Board approval. Mr. Matt Fiascone from Inland addressed the Board regarding signing the lease and explained that they would move the marketing operation back on site in November. Discussion followed regarding whether this is considered an accessory to the development or a permitted temporary use and therefore which section of the code is applicable. Mr. Cook explained that staff is relying on Section 9 of the code in this case and that Section 5 of the code does not apply because the sales office is not on site.
